EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Brown on March 29, 2005.

The application has been amended as follows:

- a. **Claim 1, lines 6-7:** delete "the image signal displayed by".
- b. **Claim 16, lines 4-5:** delete "the image signal displayed by".
- c. **Claim 17, lines 4-5:** delete "the image signal displayed by".
- d. **Claim 17, preamble:** delete "A computer program product that supplies a control program of an image sensing apparatus including a content of:" and insert – A computer readable medium that includes a program that controls an image sensing apparatus including a content of: --.
- e. **Cancel claim 18.**

2. The office originally misinterpreted the phrase "a correction device adapted to correct brightness of said viewfinder" which was determined from the arguments in the amendment filed on December 17, 2004. Therefore, the independent claims were changed back to their original states with the exception

of claim 17 whose preamble was changed in order to overcome a 101 rejection by adding the limitations of claim 18 into claim 17.

Allowable Subject Matter

3. Claims 1-17, 19, and 20 are allowed.

4. The following is an examiner's statement of reasons for allowance: Prior art fails to teach or fairly suggest an apparatus, in combination with all the other elements claimed, comprising: a correction device adapted to convert brightness of the viewfinder in accordance with a difference between luminance level of the image signal obtained by the image sensing sensor, and a target luminance level which indicates an exposure value of a photographing operation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
